## SATO Select Onsite Service Contract Sales Promotion

Customers in the USA and Canada who have purchased CL4NX/CL6NX printers in the last two years, but did not buy a service contract when they purchased the printer, now qualify for the **same service contract pricing as if their printers were new!**

### Why should I buy now?

- » Game changing value! This is a limited-time offer to purchase a service contract for your older CLNX printer at half of the price.
- » The holiday season is already upon us so make sure your printers are in great shape - don't risk a preventable work stoppage!
- » The price that you pay for a service contract today is much less than paying for a single service call without a service contract. *You will spend at least \$300 on a single service call without a contract!*
- » Do you have a pool of spare printers that you use for swap-outs? This is a great time to get them covered!
- » All printers need preventive maintenance - SATO's service contract includes **two** per year.
- » Pay once and get unlimited service calls. There is no need to submit a purchase order or credit card information for every service call.
- » One call does it all! Log a call by phone: 800-524-0029, or email: servicedesk-sai@sato-global.com
