

FreshLoc2Go SAFE SEAL

As take-out and delivery continues to dominate the food scene, so has customer concern for the security and quality of their food.

SATO's new Tamper Evident Labels provide reassurance that each order has remained untouched in transit from the restaurant kitchen to the customer's home.

Versatile

Usable on a variety of take-out containers and delivery bags including paper, foam and plastic.

Tamper Evident

Permanent adhesive prevents the labels from being peeled off cleanly. When peeled, the label will separate to indicate tampering.

Clear & Identifiable

Pre-printed with safety sealed text and icon for easy identification.

Ready to Use

Ready to be hand-applied or dispensed with a SATO thermal printer.

FreshLoc2Go - Safe Seal

1.5 x 4" Labels

The longer design of these 2x4" labels is ideal for larger food containers or for instances where the label needs to fold over a bag or container to properly seal it.
