To Perform a Full Install

Note: Before installing this software, please save your work and close all other programs.
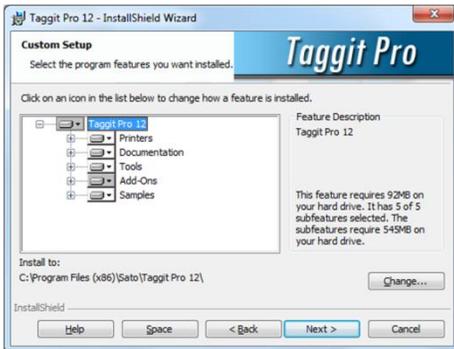

Before running the installation program, check the configuration of your PC.

1. Place the DVD for the installation in the correct drive. The installation window appears.
   a. If the DVD does not start up automatically:
   b. Go to **Start > Run** and then type the letter of the CD/DVD-ROM drive followed by the file name **autorun.exe** (e.g., D:\autorun.exe).
2. On the opening screen of the DVD, click on **SOFTWARE**.

Install TAGGIT® Pro

Before running the installation process, check that you have local administrative rights.

3. Follow the on-screen instructions through the wizard until you reach the **Custom Setup** screen.

4. On the **Custom Setup** screen, you can select the program features you want to install and then click **Next**.

5. Below the feature list window, the **Install to** line shows the default installation folder.

6. Click **Next**. The installation wizard installs the TAGGIT® Pro software. When the wizard has completed the install a message appears to inform you that TAGGIT® Pro has been installed successfully.
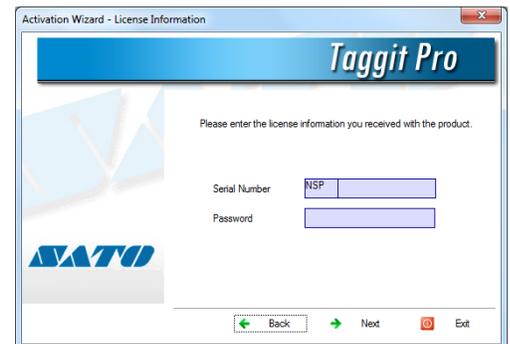

7. Click **Finish** to exit the wizard.

Activating the software

Once you have installed TAGGIT® Pro, the Activation Wizard will take you through the process of activating the software.

To activate the Software Key
1. Start TAGGIT® Pro a welcome screen appears that displays the options you have to activate the software immediately or try it for an evaluation period.

2. Click **Activate** and then **Next**. The License Information screen appears.

3. Enter your *Serial Number and Password* completely and click next. This will take you to the **Registration Information** screen where you will in your company's information. Once you have filled out the Registration Form click **Next** to complete the activation process.

4. Upon completion you will receive the **Activation Wizard Summary** screen.

5. Click **Finish** to close out of the activation process and begin using your TAGGIT® Pro software.
